

Product data sheet for uvex Bamboo TwinFlex® F sleeve

Lower arm protection with patented uvex Bamboo TwinFlex® yarn technology with extremely high cut protection (level F). Up to six times higher moisture absorption compared to synthetic fibres for pleasantly dry skin. Uniquely thin and flexible for applications in dry areas. The hook-and-loop fastening in a sporty design and the thumb loop enable a secure fit.

Features

- Extremely light
- Extremely flexible
- Excellent comfort
- certified skin compatibility (proDerm®)

Suitability for industrial working environments

- Suitable for dry work environments

Material number	60096
Sizes	L,M,XL
